

## Welcome to the Esvolon

In this game you will learn different things from different lectures, basically there are 5 types of activities;

- Mini Games
- Reading Modules
- Interactive Task Modules
- Quiz Modules and
- Video Modules

If you enter a region which has a mini game, it will show up a button 'Start Mini Game' if you earned enough points from past mini games.

Every mini game uses 'Ball' as game tokens. Every time you click 'Fire' button, the game uses 1 ball.

Ball tokens can be earned from module activities.

If you see a 'Interact' button it means that you find a module. By completing different modules you can earn Ball tokens.

Every game's completion score is set to 2.

When you complete all 5 games there will be a final test. After the completion of the final test you will earn your certificate and

There will be Billboards, books, notebooks and clipboards around the game. You can interact with them to gain points.

Billboards => Video Modules  
Books => Reading Modules  
Clipboards => Quizzes  
Notepads => Interactive Tasks

## STARTER GUIDE

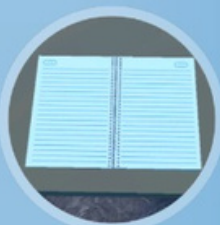

Three learning activities can be found on tables across 5 different fields. When you see a table, you can be sure there will be learning activities waiting for you.

This is a clipboard to take quizzes in each field. You can interact with it to answer module questions. You can find the answers in the lecture video and reading part.

This is a book to read articles for related modules. You can interact with it to learn more module topic. Reading part helps you to answers questions in quizzes.

This is a notebook to complete interactive tasks for each module. You can interact with it to fill out related exercises.

This is a billboard, used for the watching lecture videos. You can interact with it to find watch videos for each module. Each video has different lengths. When you finished a lecture video you earn points (token) based on how many minutes passed.

## LEVEL GUIDE

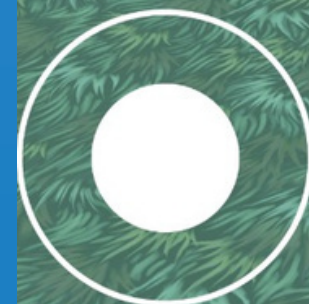

This is the Basketball field. This is the starter point for all new players. You can play Basketball mini game and interact with first modules here. When you score 2 successful basket, new field will be unlocked.

Congratulations! You reached 2nd stage. The Archery field unlocked. If you gain 2 successful shot from the archery game you will unlock new stage. You can still play basketball game however you want.

Congratulations! You reached 3rd stage. The Long Jump field unlocked. If you gain 2 scores from the long jump game, you will unlock new stage. You can still play your unlocked games (basketball, archery) however you want. Tip: In Long Jump game you must look the way you want to jump. It will be best to look at an angle of 45 degrees forward.
